PROFESSIONAL SUMMARY

Economic consultant with 4+ years of expertise in business and public policy. Ph.D. in Economics with a substantial publication record in peer-reviewed journals. Proven track record of bridging academia and practical applications. Successfully led nationwide initiatives and launched financial planning tools. Collaborated with state and local governments on impactful policy proposals and rigorous analysis.

EXPERIENCE

Associate

Cornerstone Research

- Conduct complex economic and statistical analyses for commercial litigation matters using large public and proprietary datasets, including internal sales and cost data.
- Specialize in cases spanning Intellectual Property, antitrust and competition, and transfer pricing.
- · Manage and supervise data analytics teams working in multiple time zones.
- Translate complex economic analyses into clear and concise presentations for diverse audiences, including attorneys, senior management, and people with non-specialized backgrounds.

Assistant Policy Adviser and Economist

Federal Reserve Bank of Atlanta

- Served as Associate Director of Research for Atlanta Fed's Advancing Careers Project.
- Led a team of research analysts to assess the impact of transfer programs and tax policies. Formulated policy proposals for state and local governments, engaging closely with them for policy analysis.
- Initiated and executed the creation of Policy Rules Database, an open-source repository encompassing current rules and provisions for major federal and state public assistance programs, taxes, and tax credits. Managed external consulting entities to develop and maintain the database.

Research Associate

Federal Reserve Bank of Atlanta

- Supervised the development of interactive financial planning tools tailored for low-income families.
- Successfully launched the tool nationwide in collaboration with non-profit organizations and state/local governments.
- Conducted independent and collaborative academic research at the intersection of labor economics and public policy, publishing research articles in peerreviewed journals.

Teaching Fellow

Boston University

- Led discussion sections for six semesters of introductory microeconomics and macroeconomics courses.
- Developed and structured lectures, class materials, and study plans incorporating insights from academic research, public policy, and business.

Assistant Brand Executive (iQOS)

Philip Morris International

- Developed, planned, and implemented the marketing program for iQOS, Philip Morris' innovative reduced-risk product, to enhance brand awareness and increase market share in the Moscow Region.
- Navigated the marketing strategy of iQOS through a legally challenging environment.
- Supported cross-functional teams to ensure collaboration on marketing materials.
- Directed the work of external advertising agencies to successfully launch advertising campaigns.
